### Transportation Tips

- Public Transportation
  - Metro Underground - to use the metro in Tbilisi, you'll need to buy a MetroMoney card (you can purchase at the airport or any metro station), which costs 2 GEL, and you top it off with whatever amount you'd like. A 90-minute ride costs only .50 GEL.
  - Bus - a common way to travel around the city and also utilizes the same MetroMoney card or you can pay in exact change (40 tetri)
- Taxi: they are relatively affordable here (shouldn't be more than a few U.S. dollars equivalent), but negotiate ahead of time
- From the airport: There is a fleet of blue busses that go directly from the Tbilisi Airport to downtown 24 hours a day (.50 GEL).
- For day trips: we recommend finding good local guides on [GetYourGuide.com](#)

## Batumi

### Things to Do

- Wander **Old Town Batumi**
  - [Free walking tours](#) available daily - 10am, 3pm
- Walk the **boardwalk along the Black Sea** from downtown Batumi
- Walk through the [Batumi Botanical Gardens](#) for a great walk and incredible views of the water
- See the historic **Monument to Ali and Nino**
- Take the [Argo Cable Car](#) for amazing views of the city (highly recommend sunset)
- Time a visit to the **dancing fountains** in Old Town Batumi
- Take a **day trip to the mountain towns**, like Svaneti, in the northwest region (best to arrange a private driver - we can look into this). Plan a hike while you're there!
- Take a **day trip up the Western Coast** - stop to swim in the Black Sea
- Visit the **Adjarian Mountains Waterfalls**

### Transportation Tips

- We recommend purchasing the **Batumi Tourist Card** which can be used for 2, 3, or 5 days consecutively. This gives you access to all public transportation between the trams, busses, and subway network.
- Taxis are readily available and prices are set by a taxi meter
